The architecture of the United States demonstrates a broad variety of architectural styles and built forms over the country's history of over four centuries of independence and former Spanish and British rule.

Architecture of the United States - Wikipedia

The architecture of England is the architecture of modern England and in the historic Kingdom of England. It often includes buildings created under English influence or by English architects in other parts of the world, particularly in the English and later British colonies and Empire, which developed into the Commonwealth of Nations.
