No Evidence To Support Homeopathic Immunizations. Certain homeopathic products (called "nosodes" or "homeopathic immunizations") have been promoted by some as substitutes for conventional immunizations, but the U.S. Centers for Disease Control and Prevention says there's no credible scientific evidence to support such claims.

Metaphysics is the branch of philosophy that examines the fundamental nature of reality, including the relationship between mind and matter, between substance and attribute, and between possibility and actuality. The word "metaphysics" comes from two Greek words that, together, literally mean "after or behind or among the [study of] the natural".

An interpretation of quantum mechanics is an attempt to explain how the mathematical theory of quantum mechanics corresponds to reality. Although quantum mechanics has held up to rigorous and extremely precise tests in an extraordinarily broad range of experiments, there exist a number of contending schools of thought over their interpretation.
